

# MISSION BASED LEARNING

This is our team. We are from Spoleczna Szkola  
Podstawowa im. Lady Sue Ryder in Niepolomice,  
Poland

## The team

Michał

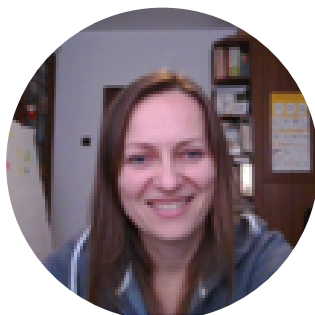

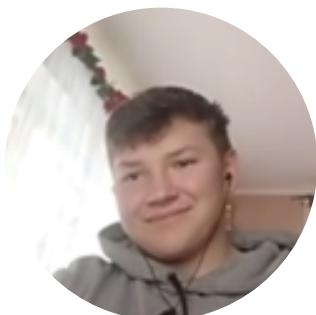

Piotr

Maciek

Bartek

Tymek

Ms Gosia

# MISSION BASED LEARNING

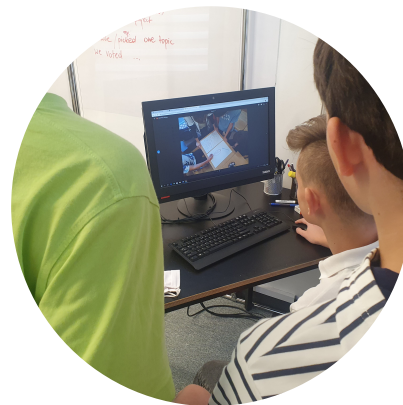

Michal - our team leader and our teacher - Gosia met project partners in the UK

It was a great trip. We found out what the main goals of the project are and we got to know lots of friendly people.

# MISSION BASED LEARNING

Generating ideas, looking for inspiration, investigating local problems

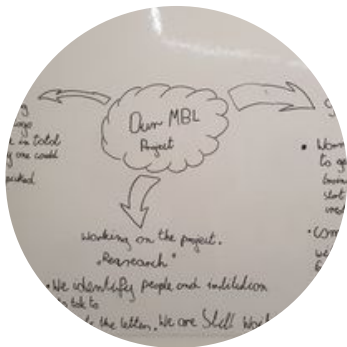

We met few times to choose the best idea.  
We decided to work on ecological issues.  
We want to make people think more about  
the pollution that is caused by burning  
rubbish in their home furnaces. We started  
recording ourselves at work.

# MISSION BASED LEARNING

Getting to know Polish partners from Publiczna Szkoła Podstawowa im. sw. Wincentego Pallottiego

We met online with our Polish partners from school in Krakow. We had a chance to exchange experiences and get to know each other. Both groups are into green issues.

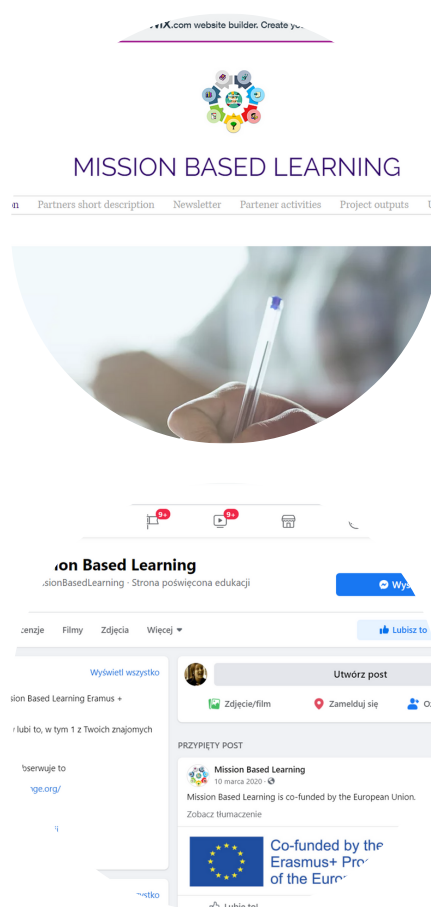

# MISSION BASED LEARNING

Instead of mobility all partners met online to discuss the progress

WHAT WE NEED AND HOW WE LEARN  
STUDENTS' VIDEO MESSAGES TO EDUCATIONALISTS

VIDEO-CREATION GUIDEBOOK

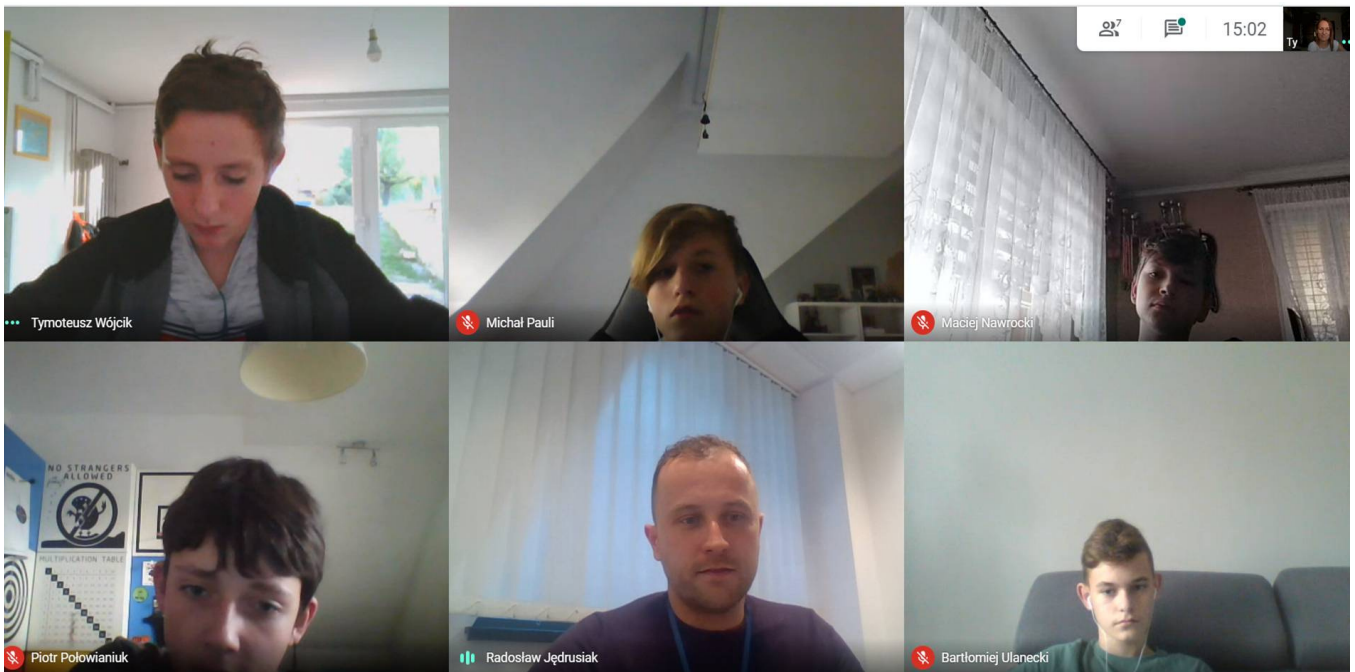

We had a chance to learn how to use a film editing app. There is a website created by our partners and Facebook profile that we can upload news.

# MISSION BASED LEARNING

A meeting with an expert from Krakowski Holding Komunalny - an institution that deals with rubbish in our region.

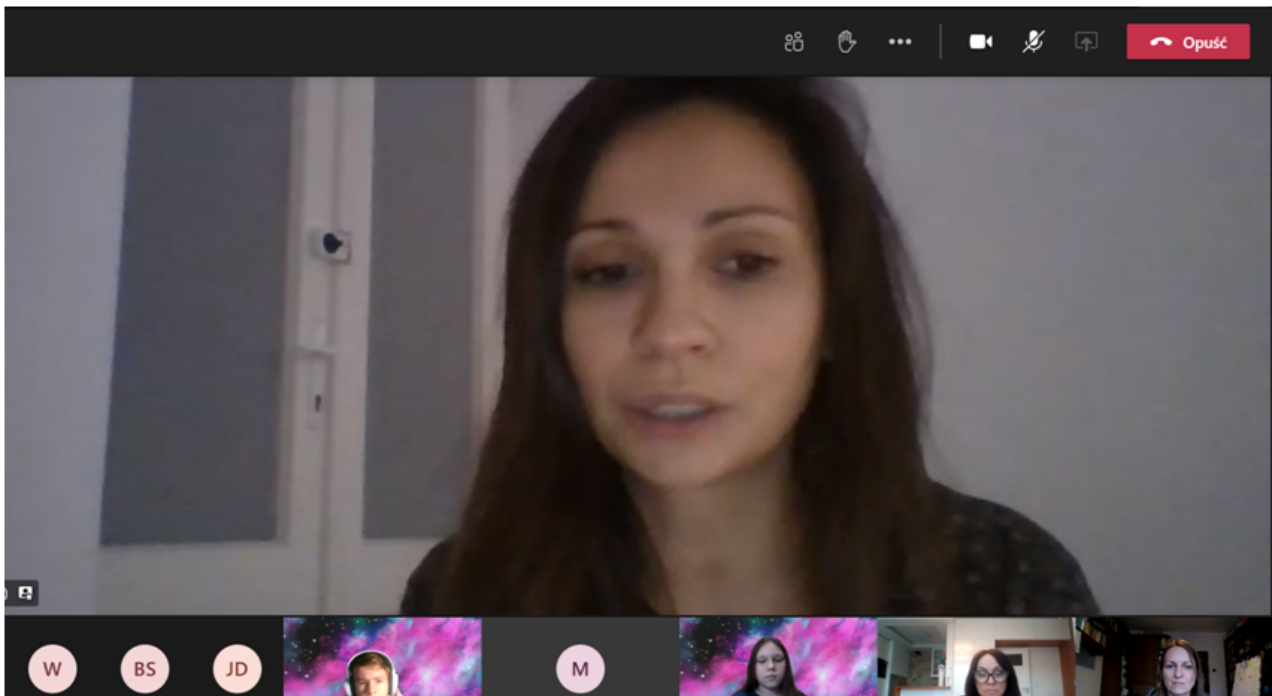

We learnt a lot about waste. We know what happens to household waste. The number of trucks full with rubbish coming to that place every single day is horrifying.

# MISSION BASED LEARNING

meeting with an expert from Alarm Smogowy - an institution that raise awareness off air pollution.

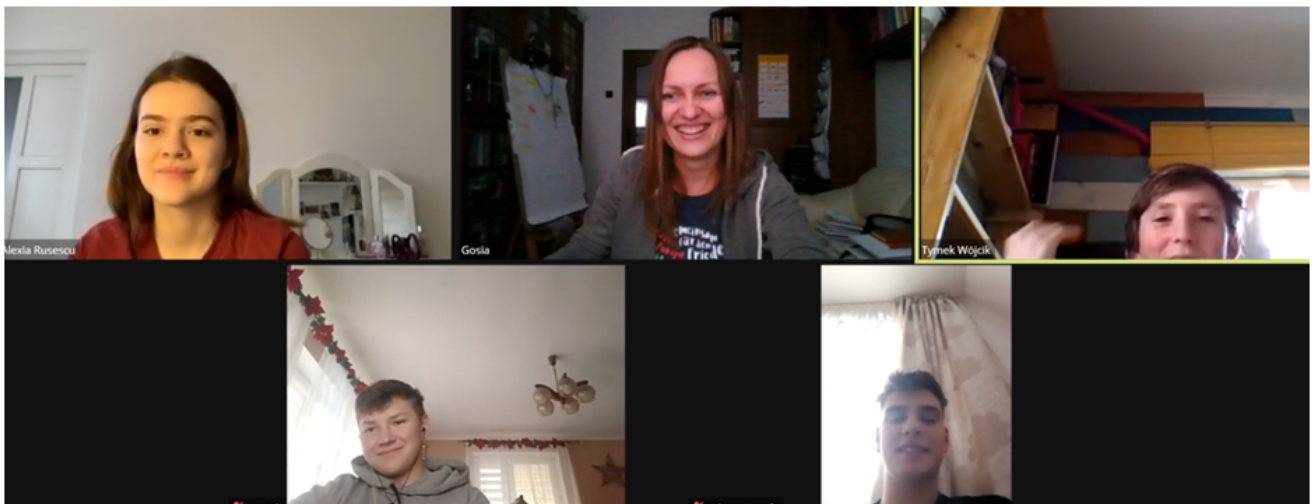

The meeting was organised by our Polish partners from PSP im. sw. Wincentego Pallottiego. We learnt a lot from it! Alarm Smogowy is an author of mobile artificial lungs that travel around towns and measure air pollution. We spotted it in Niepolomice, too!

# MISSION BASED LEARNING

Four 7 meeting online

Tymek with Maciek from Poland and Alexia with Mihnea from Romania met online as four 7 to discuss the ideas and get to know each other.

# MISSION BASED LEARNING

Four 8 meeting online

Michal with Piotr from Poland and Theodor with David from Romania met online as four 8 to discuss the ideas and get to know each other. The Polish teachers supported us.

# MISSION BASED LEARNING

Four 1 meeting online

Bartosz with Bartek from Poland and Victor with Aitor from Spain met online as four 1 to discuss the ideas and get to know each other.

Also four 2 participants were there. More people - more ideas.

Polsih students are still on remote learning while our Spanish friends are at school.
