

**MISSION  
BASED  
LEARNING  
PROJECT  
KICK-OFF  
MEETING**

**NEWSLETTER 1**

**March 2020**

Even though Erasmus + project Mission Based learning – Developing a Realistic Open Schooling Model, Equipping Young Students with the 21st Century Skills and Competences They Need was officially launched in November 2019, it was properly inaugurated with the kick-off meeting organized by its leader institution, the University of Gloucestershire between 22 and 24 January 2020.

The meeting was attended by all project partners and school students from:

- Elazig Doga Anadolu Lisesi, Elazig, Turkey
- Institut de Vilafant, Vilafant, Spain
- Pasvalio Levens pagrindine mokykla, Pasvalys, Lithuania
- Colegiul National Fratii Buzesti, Craiova, Romania
- Bauskas Pilsetas Pamatskola, Bauska, Latvia
- Publiczna Szkoła Podstawowa im. św. Wincentego Pallottiego, Kraków, Poland
- Społeczna Szkoła Podstawowa im. Lady Sue Ryder, Niepołomice, Poland
- University of Gloucestershire
- University of Eastern Finland
- Jagiellonian University, Poland

Students from the participating schools had an opportunity to meet their peers and prepare to brainstorm ideas for missions, or projects, to be completed in collaboration with local community partners. They worked together to develop their understanding of missions. The meeting's multicultural agenda helped to get to know the partners and build relationships.
