

MISSION BASED LEARNING

NEWSLETTER 3

December 2020

The project activities continued online. The pandemic forces schools to work online and so the missions continue online, too. Students continued to work in the twos, fours and eights fashion online to discuss their mission ideas.

In order to maintain a sense community schools shared their Christmas traditions by posting photos and videos to a padlet designed by St. Pallotti Primary School in Krakow, Poland. Here is the link to the padlet: https://pl.padlet.com/ania_gustak/k28odbobjx81
